

IN THE SPECIFICATION

Please amend the Title on page 1 to read as follows:

~~DEVELOPER REPLENISHING DEVICE AND TONER CONTAINER~~ HAVING
LID INCLUDING LUG FOR USE THEREWITH

Please replace the Abstract on page 71 with the following new Abstract:

A toner container has a hollow body having a small diameter mouth portion, a ramp surface at one end and a spiral. A removable lid is positioned at the mouth portion so as to close the mouth portion and a lug is provided at the lid.
